Archbishop,

The LAC is a hardworking and diverse group that embodies the breadth and depth that the Cof I rightly cherishes. As you can see from the report it covers many topics and for our plans, we have a wide range of areas too.

One area which has been high on our agenda is a major new resource supporting liturgical ministry with children. Working with our Children's Ministry Sub-committee the Rev Julie Bell has developed this, it is liturgical, and lectionary based as well as including a resource for daily prayer in the home to be used by families; Do please look out for it.

The report lists several the areas we are focusing on and most of these are primarily about developing liturgical resources I would also like to commend the in-print version of a resource that had been (and still is) available online, that is services and resources in the case of sudden and unexpected death, as well as introductory pastoral guidelines. I have pleasure in seconding this report.
